# Shepherds Huts

## Making use of *space*

Our award wining Shepherds huts can be crafted to make a fantastic space for any use.

Attractive to the leisure and tourism market, these luxurious places to stay do not compromise on comfort.

“

We stayed in one of the shepherds huts with our two grandchildren and were very happy to discover the much larger bunk beds than we were expecting. The good lighting, electric points and USB connections made this much more than just a camping trip.

“

We had a short break of 3 nights in one of the shepherd huts in the grounds, if all shepherds live in this much comfort there would be a long queue for jobs
